Mar del Plata

Fun for everybody

I love Mar del Plata; it's an enormous city on the Atlantic Ocean coast. you can do many things there: if the weather is good, you can go to the beach and swim in the sea, skate, cycle or play with the sand. If it is cold or it rains you can go to the Marine Museum (you can see unusual fish there), or you can go and play video games, go to the cinema or have an ice-cream with your friends. It's fantastic. Come and visit it.
